Dear Readers,

*We are delighted to bring you the latest updates from Jupiter Hospital Pune's academic initiative. On the **26th of October 2023**, we embarked on an exciting journey with the launch of **Jupiter Grand Rounds**, a monthly academic meet that promises to revolutionize the way we approach healthcare.*

PROGRAM INCEPTION

Jupiter Grand Rounds was originally launched at Thane unit six years ago, and its remarkable success has inspired us to extend this academic excellence to Pune. The inaugural session focused on the intricacies of managing stroke cases, exploring tricky situations, and providing insights into cutting-edge imaging modalities.

Our education program is designed to offer a diverse range of learning methodologies, including interactive workshops across various departments. We cover a wide array of topics, from the latest treatment techniques to patient-centered care and real-world cases.

KEY TOPICS OF THE PROGRAMME :

1. *Efficacy of Code White - A Data Analysis Report - Presented by **Dr. Ravi Pratap, Consultant - Accident & Emergency***
2. *Tricky Decision-Making in Acute Stroke - Case-Based Learning - Led by **Dr. Shivraj Hunge, Consultant - Neurology***
3. *Imaging Decisions in Acute Stroke - Expert insights from **Dr. Joshita Singh, Head of The Department - Radiology***

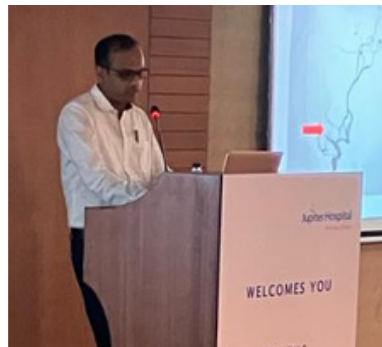

“ Our primary aim is to foster a collaborative learning environment, encouraging interdisciplinary knowledge exchange and promoting a comprehensive understanding of the latest healthcare advancements. By presenting intriguing cases, we aspire to enhance the knowledge and skills of our dedicated medical professionals.”

SCHEDULE

TIME	TOPIC	SPEAKER
3:30 pm to 3: 45 pm	Efficacy of Code White - A data analysis report	Dr. Ravi Pratap
3:45 pm to 4:05 pm	Tricky decision making in Acute Stroke - Case based learning	Dr Shivraj Hunge
4:05 pm to 4:25 pm	Imaging decisions in Acute Stroke	Dr. Joshita Singh
4:25 pm	Closure remarks	

Over 100 doctors and nurses enthusiastically participated in our first session, and their initial feedback has been overwhelmingly positive. We're gearing up to introduce simulation-based training, conduct research, and explore more engaging cases, further strengthening our commitment to healthcare excellence.
